Languages: Java, C++, CSS, JavaScript, SQL, HTML, Python
Framework&Libraries: Tailwind CSS, Node.js, React.js
Tools: Git, GitHub, VS Code, IntelliJ IDEA, Vercel

AWARDS AND RECOGNITION

Karnival Matematik & Komputer Sains(IOT Challenge) | 2nd Place | Pahang Matriculation College | 2023

PROJECTS

GameVerse | Assignment Project | Tailwind CSS, JavaScript, HTML, Java
- Collaborated with a 4-person team to develop an e-commerce aggregation platform designed to unify game listings across disparate digital storefronts.
- Integrated the IGDB REST API to query and dynamically display comprehensive metadata, including titles, developer records, genres, and descriptions
- Engineered responsive UI components using Tailwind CSS and JavaScript, reducing search and navigation latency for end-users

NovAI | Assignment Project | React.js, CSS, HTML
- Designed and built an interactive corporate landing page leveraging React.js component architecture.
- Implemented smooth programmatic scroll navigation (*scrollTo*) and an embedded media presentation system to optimize user engagement and brand storytelling. .

LEADERSHIP AND EXTRA-CURRICULAR EXPERIENCES

Exco | Majlis Penghuni Desasiswa Indah Kembara | November 2024 - November 2025
- *Deputy Project Director for Gerbang Malam:* Directed a 6-member committee overseeing technical setup and student welfare operations.
- *Technical Committee for Festival Musabaqah Al-Quran:* Manages PA system for closing ceremony and resolves technical issues to ensure program run smoothly
- *Multimedia Department Head for Santai Zafina:* Led a 3-person creative team to produce high-impact promotional collateral, including social media posters, promotional teasers, and event montages.
